Source(s) of Images and Ideas (include references and credits, e.g. book title, author, web-site details)
I do not have a reference since I made the design according to my own ability that God has given me
List the program(s) (e.g. Adobe® InDesign®, Microsoft® Publisher®) used to design the poster:
Lightroom, Photomom
Describe the step-by-step procedures used to complete your project:
Since I am part of the photography team in church I took photos during the praise and worship session, then I selected one photo to be the base of my design. I exported the photo to lightroom, enhanced the lighting, exported the edited image to photomom and added the texts and graphics to the image
