List the program(s) (e.g. Adobe® InDesign®, Microsoft® Publisher®) used to design the poster:

I used Canva to make the design.

Describe the step-by-step procedures used to complete your project:

I began with a blank page and four stretched triangle frames, using three of my own photos and a Wikipedia sheep image with its link attached, plus a camera image and white paper for texture. I added "The Unplugged Escape" three times, "The Faroe Islands," a QR code with "Find out more," and two attention-grabbing facts: "An island where there are no trees that naturally grow" and "An island where the number of sheep outnumber humans." Ms. Elsa and Ms. Dasya helped me throughout the process.
