Describe how you came to your end result and why you chose this subject:

I chose this image because I love my cat and he is cute. This is how I took a picture of it, first I went into my room to do something else, then I borrowed my mum's phone, when I saw my cat and took a picture of him. My photo is unedited because I like it as it is and I did not need to zoom in, because my cat was in a perfect portrait position.
