I used my own ideas.

List the materials and tools used in completing your project:

Acrylic paint, brushes, canvas, tissue and water.

Describe the step-by-step procedures used to complete your project:

I draw the sketch on the canvas and take primary colors along with white to color on the canvas. When the layers got too thick, I used a tissue and pressed on the layers so that it didn't get too thick. Most of the blending was made with water.
