Describe your source(s) of ideas (eg. photo, library book/video):

I used most of brainpower actually.

List the materials and tools used in completing your project:

I used a brush, water, my finger, clay, and a small cup of water.

Describe the step-by-step procedures used to complete your project:

I made the base of the clay whale first, then I started building it up, then I made the flower. Then I made the fluke, and the flower. After it dried, I painted it all. Same thing goes with glitz that has a wave-like pattern on the sides, except it doesn't have a flower and fins.
