Artwork Description:

The painting I painted was basely inspired by the things I saw daily. The gold modifed triangle at the top, represented a Siger, which is Lampung's icon. The red square below it was inspired by the painting I saw at my favorite restaurant. The circle shape was inspired by my childhood game. This game filled my boring days when I was younger. The green irregular shape has my favorite inspiration. It was my younger brother and his horse toy. The last shape, which was the gray one, was inspired by a mail box. The white lines showed the spot where I fell down and bleed.

The coclusion is this painting was inspired by my childhood experiences. Filled with love and memories put into one colorful painting.
