Describe how you came to your end result and why you chose this subject:			
I chose scape as my subject because I wanted to capture the natural beauty of the outdoors. For my final result, I photographed the sky framed in the middle of the trees to create a balanced and interesting view. I adjusted my position and angle to make sure the trees surrounded the sky evenly, helping it stand out as the main focus. I chose this subject because the contrast between the open sky and the tall trees creates a peaceful and powerful scene.
