Describe how you came to your end result and why you chose this subject:			
1. I took a few photographs in the morning and noted that the object was not clear as the sun light was too bright.			
2. I went back in the afternoon and took a few photographs again from both sides of the object.			
3. After viewing the photos, I chose the best one and sent it to the school office. I did not edit the photo at all.			
I chose this vehicle as it is interesting to me that it does not use fuel.			
It runs on chargeable battery.
