Name:	Lemeki Turaga		
Name:	Abigail Salabuco		
School:	SCCHS	Cust. Code:	

State your purpose, hypothesis, or reason for your project:

To identify the types of seeds and their name with their scientific names.

Record the process or steps used in solving or approving the problem (hypothesis) or include an illustration of how your project works:

1. Collect the seeds
2. Get the cardboard
3. Get the cardboard painted and let it dry
4. Paste the seeds on the cardboard
5. Paste the names of the seeds
6. Prepare the booklet report
7. Insert all seeds information in the booklet
8. Observations / Record

What has been proved or illustrated, or what is the conclusion drawn from your project:

The different kinds of seeds and their key facts. Descriptions have been recorded and their names.
