				Light Meter (Exposure):	

Lighting Conditions:

Natural: The photo was taken at night right before dinner.

Artificial:

Describe how you came to your end result and why you chose this subject:

I chose this subject because food is everything to me, not only it was delicious but it also matches the presentation and how it was set up. It was so beautiful so I took the phone and set it to focus mode and took a photo of the burger using the natural light of the phone.
