

Light and Faith

I know you think it won't end,

All the bad times at night;

Just wait it all out,

And you'll see the light.

Happy times aren't forever,

Sometimes life isn't good,

But just remember to stay Godly;

Like Jesus would.

When all hope is lost;

And you feel like you're stuck in the dark;

It took many years

For Noah to build the ark.

If everyone has betrayed you

And they give you a punishment of the worst;

Remember Jesus who died on the cross,

And suffered our punishment first.
