I used pinterest for ideas for painting

List the materials and tools used in completing your project:

watercolour paint, sketching paper, picture frame, paint brushes.

Describe the step-by-step procedures used to complete your project:

I used Pinterest to find ideas for my painting and chose a simple image of yellow flowers. First, I lightly sketched the flowers, stems, and grass on the paper. Then I painted the petals yellow and added orange centers to create contrast. After that, I painted the green stems, leaves, and grass to make the artwork look natural, and finally I add small finishing touches to complete the painting.
