--	--	------------------	--	--

Lighting Conditions:

Natural: bright, clear sky in the morning.

Artificial:

Describe how you came to your end result and why you chose this subject:

I first thought of taking a picture of a bird. It's easy to take a picture of a plant because it's in one place, and I had some help from Mom. We came to the conclusion of choosing a picture with coconut trees with room for the middle so that there isn't much mess with a few trees and a beautiful sky.
