I thought of sketching a lake with mountains in the back with a sunset.

List the materials and tools used in completing your project:

- pencil*
- eraser*

Describe the step-by-step procedures used to complete your project:

First, I lightly sketched out the shapes of the mountains and the sun, then the land, leaving a huge space as the lake. I started adding detail to the mountains. Then I drew a tree and some bushes in the back. After, I started shading the big space I left to make it look like a lake. Lastly I drew some birds.
