Name:			
School:	Suva Christian Community High School.	Cust. Code:	

State the purpose, or reason for your project:

The purpose of this project is to find out our purpose on this earth, and the environment God has created for us.

Record the process or steps used in preparing your project:

Firstly, I had to find a topic, then I had to come up with a thesis statement. After that I went to do my research, and then I did my first draft but I had to change my topic. I did my second draft, after that, I edited the write up and I typed my final copy. I went to find the pictures and printed in colored. Then it was time to paint my cardboard. Once it dried up, I started pasting my pictures. Then my final copy was printed and laminated.

What has been illustrated, or what is the conclusion drawn from your project:

My conclusion is that it is our purpose to be good stewards of the environment that God has created for us.

SOCIAL STUDIES REPORT - Continued

Give a Scriptural application or reference for your project:

"Let us make man in our own image, after our likeness, and have dominion over..." Genesis 1:26

Give a brief background of your collection or topic that you researched, and why you chose that particular item/topic:

The reason why I chose this topic because I feel we have a problem of throwing rubbish everywhere and not placing them in the right place. This shows we are not being good stewards of God's creations. I chose this topic to elaborate on the need in our country, to be responsible stewards of the environment God has blessed us with.
