Describe the step-by-step procedures used to complete your project: I put masking tape over the edges of the paper, creating a border. I drew a line for the horizon line. Then I put in the black hill on the right. Then I painted the sky. Then I put in the other black hill and bush on the left. Then I painted the water. Then I put in the tree. Lastly I painted the white dots in the sky. I removed the tape. I signed the picture.
