Describe the step-by-step procedures used to complete your project:

1. I looked through my phone to find a background.
2. I used the bible to find a verse that described the photo I had picked out.
3. I put the verse and photo together on canva.
4. I played around with the text font and color.
5. on line one I used a size 80 font, line two has a size of 127 because its a key phrase of the scripture and orange font to make it stand out. line three has a font size of 129 because it is one of the most important phrases of the scripture. The name of the font is Futura Display.
