## Describe your source(s) of ideas (eg. photo, library book/video):

This is a simple one-photo scrapbooking idea that I saw on the internet (Pinterest).

I used the internet to search for bible verses that apply to my photos.

## List the materials and tools used in completing your project:

Photos, markers, glue, ruler, pencil & eraser, scrapbook, scissors and pictures for decoration.

## Describe the step-by-step procedures used to complete your project:

1. I started with the title page using the ruler to draw lines for writing the title. I then used the pencil first to write the words and using the markers, I wrote over the pencil writing.
2. For each page, I pasted the photos on the left side using glue.
3. On the right side of each page, I wrote the verses with pencil and markers.
4. Then I decorated each page with decorating pictures that I cut and paste.
