☒ Collection

☐ Research

Name:			
Name:	Harold		
School:	Sura Christian Community School	Cust. Code:	SUV01

State the purpose, or reason for your project:

My reason for this project is to demonstrate the many unique features about each individual coin.

Record the process or steps used in preparing your project:

First, I selected the coins that were old, interesting, and had different sizes and shapes. Second, I type the information about the coins from their own country on "Word 2018" and print it, then I located where each coin and their information should be displayed and secure it. Next, I added an abbreviation to the collection so the people can understand the certain words that are listed on the information and I added an extra detail below all the information written in white pen. Lastly, I tried to make the presentation as neat as I can and make it easy and enjoyable for the observers.

What has been illustrated, or what is the conclusion drawn from your project:

My illustration would be to show the different coins from many countries and the facts about them.

SOCIAL STUDIES REPORT - Continued

Give a Scriptural application or reference for your project:

A scriptural reference I'd give for my project would be found in Mark 12:15-17 or Luke 20:24-25.

Give a brief background of your collection or topic that you researched, and why you chose that particular item/topic:

A simple brief background I would give for my collection is that it was neatly assembled, thoroughly researched, and cataloged by me and I've started this project since February 25th to March 5th 2026. This collection has been constructed through many historical estate finds and personal gifts from my family and friends. Every piece in the collection is secured by a tape to prevent any coin from dropping and being rusted.
