Describe how you came to your end result and why you chose this subject:

For this photo, I placed a cross on a broken tree branch and took the picture above glass area on the mountain. My father held the broken branch while I carefully focused on capturing the image. I chose this subject because I wanted to create a meaningful and symbolic composition in a natural environment. The grass in the background adds texture and contrast, helping the cross stand out more clearly. Taking the photo on the mountain also connects this image to my previous work and keeps the natural theme consistent.
