I found the inspiration from a website called Pinterest

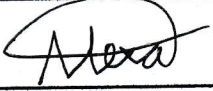

List the materials and tools used in completing your project:

Materials = watercolor paper, watercolor paint
Tools = paint brushes, a color palette, water, and a fan to make the layers dry faster.

Describe the step-by-step procedures used to complete your project:

first, I used the watercolor paint to make the whole page blue. when the paint dries, I added the small fish and corals, slowly making more when the paint below it dries

(Add additional sheets if necessary)
