Purpose or use of item: To keep and preserve my memories of my family trip

Describe your source(s) of ideas (eg. photo, library book/video):

I thought of most of the design, but I found some ideas on Youtube, Google, and Pinterest.

List the materials and tools used in completing your project:

I used some photos I printed at a photoshop. I also used page protectors, coloured paper, and some stickers that I made myself. I decorated the pages with markers and some glitter. I used a pen for smaller details and used tape and glue to stick the elements together. Finally, I also used thick string to tie the pages together.

Describe the step-by-step procedures used to complete your project:

First, I selected my photos from my family trip. Then, I printed them out. I made the pages and arranged the photos in chronological order. I decorated the pages to look interesting and eye-catching. Finally, I used the string to tie the pages together.
