Describe your source(s) of ideas (eg. photo, library book/video):

My source of idea is to make a simple dress (in Papua New Guinea we call it missis kolos).

List the materials used in completing your project:

- * Scissors
- * 1.5 meter printed rayon material
- * Tape measure
- * Thread
- * Sewing machine
- * thread unpicker
- * elastic thread * elastic

Explanation of project (changes made to pattern etc.):

I used a 1.5 meter printed rayon material for my project. I used a scissors to cut out ~~the~~ the pattern of the dress. First I cut out the arms of the dress then I cut out the frills. I then sew the neckline using the elastic thread and I also used the elastic thread to sew the arm to its body and later the frills ~~to~~ down to the end of ~~the~~ of the body. Finally the dress was formed.
