I saw my pallette and I thought of my watercolor project, so I painted and I got inspired!

List the materials and tools used in completing your project:

Watercolor paint, paint brush, and cotton bud, and water, and tape, water color paper, pencil.

Describe the step-by-step procedures used to complete your project:

first I taped the watercolor paper to the floor, then I sketched out the outline of the pallette, so after that, I painted the outline with all sorts of colors, then I colored the background, for the paint on the pallette, I used a cotton bud to tap it. And I was done after I made the brush.
