I thought in my head that a knight and a dragon would show courage

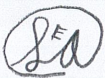

List the materials and tools used in completing your project:

I used a computer, word, and shapes

Describe the step-by-step procedures used to complete your project:

I put a back-ground then the castle, then I put in the sun and clouds. Then I used a triangle and circle for a body and head in square 2 I put in the back-ground, then the knight and the clouds and lightning in square 3 I made the horse and knight, then the flag in square 4 I put in the tree, then the dragon, then the knight in square 5 I put in the knight, then the dragon head in square 6 I made the crowd then the knight.

Artwork Description:

In square one the sun is shining, and a knight in a brown robe is standing in a tower covered in green vines and declaring to the world that he is a knight. In square two the knight is in his armor and holding his sword bravely, in a storm with flashing lightning this is where he decides he is going to fight a dragon. In square three the knight is riding a horse and holding a flag high above his head. as he rides he thinks to him-self. Dear God please help me. In square four the knight meets the dragon. The dragon was hiding behind a tree ready to leap, like a cat, but the knight stands and shouts at the dragon, "I am here to defeat you". In square five the knight shouts "yay !!! I won" but in his mind He thought Thank you for helping me. In square six a crowd of villagers come to greet them. They shout, "Thank you!" but the knight said, "Don't thank me, thank God!"
