Describe how you came to your end result and why you chose this subject:			
I chose this photograph because the towering apartment blocks and repeating balconies create			
a striking architectural pattern. The narrow opening of blue sky between the buildings adds contrast			
and emphasizes the immense height of the structures. To achieve the final result, I positioned myself			
in the center of the courtyard and photographed upward to create a symmetrical composition with			
strong leading lines. I carefully aligned both buildings to draw the eyes' toward the sky.
