From my imagination

List the materials and tools used in completing your project:

* HB * Tissue
* HB/2 * Tape (sticky tape)
* B/2 * White colour
* Eraser * A4 paper
* Ruler * 6151 HB

Describe the step-by-step procedures used to complete your project:

First I took the tape and separated the paper in the middle then I used the 6151 HB to draw the outline of the mountains and then I used the HB to shade the mountain then I used the B/2 to draw the reflection of the mountain on the water then I used the HB to lightly shade the sky and ocean and spread the pencil to lightly spread the pencil mark all over the paper and I erased the top of the paper in the shape of cumulus clouds and the sun and its reflection

(Add additional sheets if necessary)
