

A LIGHTHOUSE IN A FOGGY WORLD

By: Dave Cowles

A Lighthouse in a foggy world

O, Lord Help us to be.

A beacon glowing through the night...

To guide someone to Thee.

In raging seas and dark of night...

A ship was lost from shore.

And then the lighthouse beamed its light...

That ship was lost no more.

A lighthouse in a foggy world.

A searchlight glowing far in view.

The only lighthouse others see...

May be the light in you
