I thought of painting the coconut tree at the beach. I first thought of painting the grasslands with a pond and a tree.

List the materials and tools used in completing your project:

The tools I needed were paint brushes of different shapes and sizes of each brush. I used lamp black, white, sap green, monastrol green, fluoro blue, bronze, crimson, and yellow.

Describe the step-by-step procedures used to complete your project:

I painted the base blue for the ocean and bronze for the beach. Then I painted the sides sky and the sides of the canvas blue; I painted the sides bronze after that. I painted the bottom edge of the canvas blue for the ocean. Then I painted the coconut tree with a combination of acrylic paint I had to use. After that, I painted the top edge of the canvas blue; I added the details of the sky, ocean, and tree.
