List the materials and tools used in completing your project:

Paintbrush and different varieties of paints

Describe the step-by-step procedures used to complete your project:

I started by brushing water all over then I used blue paint to paint the sky. And now I begin with the green brush, I used dark and light green I had to wait for a while to dry. Then I added the pink flowers and the final touch which is the white clouds, then my signature and the date I did the painting.
