I got my background from a photo I took of the sunset on my phone. The Scripture verse I used is one of my favourite verses from the Bible.

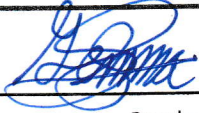

List the program(s) (e.g. Adobe® InDesign®, Microsoft® Publisher®) used to design the poster:

To design and put my poster together I used Canva.

Describe the step-by-step procedures used to complete your project:

I first found my photo on my phone and put it as my background. I then got my verse and typed it on. I changed the colour and font of my text. To finish it off I put it together and printed it and laminated it.
