Artwork MUST NOT be copied.

Please list the details of the source(s) of your ideas (e.g. book title/author, photographer's name, web address - not Google!) so the idea I chose to put for my painting is a tagimoucia flower, the reason why the flower was because it represents where I'm from, Taveuni.
List the materials and tools used in completing your project: The tools that I used is acrylic paintings and different types of brushes for my canvas.
Describe the step-by-step procedures used to complete your project: The pencil that I used for tracing was a dot™ 2. Once I was done with that, I went to continue to paint the background of the canvas, the color that I chose for this is black. After that, I started painting the flower, bit by bit. Right after, I put a mixture of brown and white for the branches then later I went straight to painting the leaves, the colors that I thought looked good, was dark green. And after that, I tried to detail it, and right there, I was so happy with the outcome of it all.
