Describe your source(s) of ideas (eg. photo, library book/video):

I got my idea from looking at photos of clay-wheel thrown cups and from examples I found online.

List the materials and tools used in completing your project:

Clay, pottery wheel, water, sponge, wire cutter, wooden tools, paint, paint brush, and stamps.

Describe the step-by-step procedures used to complete your project:

First I put the clay on the wheel and shaped it. Then, I opened the center and pulled the sides up to make a cup. I made some curves while making it. I cut the cup off the wheel and let it dry. Finally, I painted it and fired it to finish the cup.
