List the materials and tools used in completing your project: Paper, Charcoal 158 pencil, container lid Derwant Academy Colored Pencils - Dark yellow, medium yellow, lemon, pink, red, purple skin, blue, sky blue & white
Describe the step-by-step procedures used to complete your project: 1. I used a container lid to draw the outline of the circle with the pencil. 2. I started with the purple color pencil to shade lightly the top (sky). 3. Using the pink color, I blended this with the purple shading above. 4. Then I used the following coloring pencil to create the sunset effect - red, dark yellow, lemon, and medium yellow. 5. To darkened the top left, I blended the blue and sky blue colors over the area. 6. The finishing touches for the sky were done by shading with the skin color pencil and white streaks were created with the white color pencil. 7. The charcoal pencil was used to color the land and to draw the palm tree.
