

What is a PACE?

Accelerated Christian Education has taken the conventional textbook style and divided it into bite-sized, achievable worktexts called PACEs. Each PACE is more or less equivalent to a unit in a textbook. Each level consists of 12 PACEs in each subject. PACEs integrate Godly character-building lessons into the academic content and self-instructional activities are carefully designed to develop thinking skills and create mastery learning.

Students begin their PACE work by noting their goals, the concepts they will learn, new vocabulary, a Bible verse, and a corresponding character trait. From the very beginning of each PACE, they know what is expected and they assume the responsibility for their own learning!

Throughout the curriculum the introduction of new vocabulary words is computer controlled so that no word is used without the student first learning its meaning and pronunciation. Also, words are repeated a certain number of times to ensure mastery.

Full-color self-instructional explanations and illustrations add excitement to each lesson, and innovative learning activities reinforce the interesting text material.

Each PACE contains Checkups, which are minitests covering a section of the PACE. If mastery in an area is not achieved, the Checkup will reveal that weak area. Students can then take the time necessary to learn and master those concepts before proceeding to the next.

Checkups reveal weak areas and provide opportunity for review and reinforcement.

Learn these words and what they mean.

cheese chēz 	dam dām 	flood flūd
freight friht 	hotel hōtel 	knife naif
lumber lūmber 	protect prōtect 	trap trāp

Scripture and character traits teach Biblical principles.

My Goals

To learn when to use a
1. comma
2. colon
3. quotation marks
To learn abbreviations
To learn to have peace through Jesus—to be peaceful

Peaceful
As you can, live at peace with all men.
For God is a God of peace.
And He gives tranquility for all the world to see.
Peace of mind that need never cease.

Learn this Scripture Verse

In me (Jesus) ye... have peace.
John 16:33

Score this page. ☐ Correct mistakes. ☐ Retest.

Vocabulary control increases reading level and comprehension. Lower levels include visualized vocabulary.

Creative writing and character development applications are integrated with academic lessons.

Hands-on science and social studies projects allow students to experimentally apply what they have learned.

Students observe Biblical principles in developing personal relationships.

Students continue to build fine motor skills, particularly in the lower levels.

Let's do a "sketch" of one of the missionaries we have studied in this PACE.

A "sketch" is a short writing. Just follow the steps and enjoy the advantage of sketch writing.

Step 1: Make a word cluster about the missionary of your choice. (You may want to look back in this PACE or in Children's Missionary Library.)

Step 2: _____

Step 3: _____

Count from 1 to 100. Draw from dot to dot. Color the picture.

A Project to Do at Home

Make a halloween and learn about flight.

Materials needed:
1. a piece of construction paper
2. a paper clip
3. scissors

What to do:

1. Cut a strip of paper one inch (2.5 cm) wide and eight inches (18 cm) long.
2. Fold the strip in half.
3. Fold each end in half backwards.
4. Open the wings and clip a small paper clip on the bottom.
5. Hold the halloween as high as you can and let it fly. Watch it closely as it falls. Drop it several times.
6. Using scissors, make two cuts, one on each wing. Notice that the cuts are on opposite sides.
7. Fold down a part of each wing.
8. Now drop the halloween on before.
9. Does the halloween fly differently now? What is the difference?

Aluminum or airplane wings are used in building halloween how often causes a wing to fly.

Person's Signature _____

100% TEST

Self Test

My score _____

Supervisor's score _____

Go to the next page.

Upon completion of the activities and Checkups, students prepare to take the Self Test, a practice test. Here students evaluate themselves and a supervisor/tutor determines readiness for the final Test. When the Self Test is successfully completed, the student turns in the PACE and takes the final Test the next school morning. The final Test objectively measures student mastery of the material.

Since 1970, A.C.E. PACEs have proven to be effective tools for goal setting and achieving academic excellence and spiritual maturity.

Lessons are presented with exciting illustrations and are written to ensure comprehension. Activities develop mastery.

A Self Test helps students and staff determine readiness for the final Test.
