- Beach photography from Pinterest.
- Ocean landscape paintings from YouTube tutorials.

List the materials and tools used in completing your project:

Small canvas, Acrylic paint, Paint brushes, Palette, Water container, Paper towels.

Describe the step-by-step procedures used to complete your project:

I painted the background sky using light blue acrylic paint. I added darker blue paint to create the deeper parts of the ocean. I blended different shades of blue together to make the water smoother. I painted the sandy beach area using beige paint. I added a bright sun in the corner of the painting for extra detail. Finally, I added small paint splatters and highlights to give the ocean more texture and movement.
