

Hands of Choice

Mime Solo – Ebenezer Lewatoro

Crouch on floor...slowly come up as from creation ...looking at hands...as if in communication with God who's saying there are two choices to make.....

Right: Create (*bend down and makes an imaginary clay pot*)

Left: Destroy (destroy clay pot)....feel satisfied then feel sad....

go back to middle and determine to do right

Right: Love (*puts arm around someone's shoulder... happy faces ..*)

Left: Hate (separates two people...tries to draw one away alone)...rejected....feel sad....

go back to middle and look at hands then determine to do right

Right: Help (sees a child who has fallen over and runs to help him up,
hugs them, brush dirt off knees)

Left: Reject.....Sees someone fall over and laughs.....then gets guilty...
goes back to middle of room....looks

Right: Give (Generously gives money to someone in need)

Left: Take (Notices someone with an ice cream...licks lips...wants food and grabs child's
ice-cream.....then feels guilty)...
goes back to middle...then determines to do right

Right: Protect (sees someone been beaten up and runs to protect him from being hit...

takes blows...comforts the victim)

Left: Let Down (no care attitude)...Sees a fight happening....but doesn't care...

Suddenly feels like stabbing pain in chest...staggers back to middle... collapses on knees....queries heaven why hands are doing wrong thing.....realises heart has to belong to God.....gives heart to God.....hands come out from heart...shakes head to the left....nods to the right....stands up and marches joyfully in the right direction.
