Based on the facial structure of President Abraham Lincoln, I created this sketch of a man.

List the materials and tools used in completing your project:

HB, 2H, 4B, 6B, 8B sketching pencil, Tortillon, kneaded eraser.

Describe the step-by-step procedures used to complete your project:

I drew a brief outline of the face, then darkened the facial outline. Using a tortillon to add the skin texture, then used kneaded eraser to make the light spots. Lastly darken everything with 8B pencil.
