List the materials and tools used in completing your project: 3 Pencils - 5B, H & HB Paper, eraser, container, circle stencil, ruler, 6mm paper stump & 10mm tortillion
Describe the step-by-step procedures used to complete your project: 1. With the HB pencil, I drew the big circle outline using the container and used the ruler to draw the line across. The circle stencil was used to draw the small circle. Then I drew the mountain handfree. 2. I shaded the sky using the H pencil by pressing lightly over the area and then used the 6mm paper stump to soften the shaded area. 3. I used the 5B pencil to create dark shading for the mountain and did the finishing with the 10mm tortillion. 4. The sea was drawn using the same materials and technique for the sky. 5. To draw the fence outline, I used a ruler and HB pencil and to darken the fence, I used the 5B pencil and tortillion again.
