

Build My Life on You

I build my life on You, my Lord,

Like strong rock under my feet,

When winds come hard and storms get loud,

You help my heart not to break or retreat.

I talk to You in quiet times,

I feel Your love so near.

You guide my steps each day I walk,

And take away my fear.

I'm still learning day by day,

Sometimes, I get things wrong.

But You forgive and lift me up,

And help me to stay strong.

I want my life to shine on You,

In all I say and do.

So, I will trust You in all my days,

And build my life on You.
