My original idea

List the program(s) (e.g. Adobe® InDesign®, Microsoft® Publisher®) used to design the poster:

Canva - see design at back of page.

Describe the step-by-step procedures used to complete your project:

I put background black, then added the stars then added the glow behind the earth. I then put in the words "We are God's children, not the world's."

I put the color yellow for the word "God's" and I put the color red for the word "not."

I then laminated the poster.
