Lighting Conditions:

Natural: Natural light was coming from a nearby window

Artificial: Flowercent light was coming from some hanging lights in the ceiling.

Describe how you came to your end result and why you chose this subject:

Mrs. Bell gave me an idea. I liked the idea so I went and took some photos of the fire alarm, then I took a couple of photos but it didn't look very good, so I took the photo in different angles. Removing everything distracting around it, then I chose the photo that I liked the most. I thought it looked good with the natural light hitting it from the side and the artificial light hitting it from the front.
