| ☐ Marquetry | ☐ Flax Construction | ☐ Bilum Making |

Use this form for all Manual Arts entries EXCEPT for any Needlework

Purpose or use of item:	To have a place to sit.
-------------------------	-------------------------

Describe your source(s) of ideas (eg. photo, library book/video):
My imagination and the help of a teacher.

List the materials and tools used in completing your project:
Thickness planer, miter saw, table saw, drill, screw gun, sand paper, screws, varnisher, bandsaw, tape measure, router,

Describe the step-by-step procedures used to complete your project:
First, is by using a thickness planer and then by using a miter saw. Then cutting the three
legs with a table saw, and by making it round with bandsaw, then putting a compass
so that it's round and a router to cut it out. And then we use a screw gun to send the
screws in. And a lot of sand papers for smoothness. The end result is by varnishing
the stool.
