List the materials and tools used in completing your project: 0.03mm to 0.08mm pen, 2H pencils, and eraser
Describe the step-by-step procedures used to complete your project: I used a light pencil to draw a sketch. I switched to the ink and drew key contour lines using a fine line weight. I filled in areas of medium value with basic hatching. Then, I added the shadow with a deep coloured pen. Next, I added fine details and textures. At the end I erased the pencil lines.
