		<i>Manual Settings Only</i> Aperture: f/5.6 Shutter Speed: 1/2000 ISO: 400 Light Meter (Exposure):	
Lighting Conditions:			
Natural: bright sunlight			
Artificial:			
Describe how you came to your end result and why you chose this subject: I asked a friend to be my subject. During the process of making the photo, I utilized a light meter to get an exposure reading, then I manually applied the settings to my camera and took the photo. Following the completion of the roll of film, I took it to be developed at a film lab. The film lab developed and scanned the film. After I received the scans I tweaked them to make the image clearer.
