List the materials and tools used in completing your project:

pencils, 2B, 4B, 6B

Describe the step-by-step procedures used to complete your project:

First, I started by blocking in the main shapes with a pencil. Then, I added details to the sketch and refined the outlines. Next, I used different pencils (2B, 4B, 6B) to shade and add shadows. Finally, I blended the shading to make the drawing look smooth and finished.

(Add additional sheets if necessary)
