

FEMALE TRIO:

What has happened to a nation that used to fear the Lord,
To a people whose foundation was built upon God's word,
We've allowed the world's opinion to chart a different way
But it's time the church of Jesus Christ should boldly stand and
say

God's word will stand against the raging tide
Of those who criticize and work their evil plans.
God's word will stand against the gates of hell,
With power to prevail in the hearts of men,
God's word will stand,

They can take it from the courthouse walls, remove it from the
schools,
Teach our children that we're animals, speak against the golden
rule,
Try and hide our Christian heritage from the public eye,
But they'll never overcome God's word no matter how they try.

It is forever settled, to evermore endure,
It's the only way a sinner's heart can ever be made pure.
God's word will stand ...
