Describe your source(s) of ideas (eg. photo, library book/video):

I got almost all of my cutouts from Pinterest, and I edited a few with iPhoto X and Paint (from Windows accessories). I took the photos from my phone & my mom's phone.

List the materials and tools used in completing your project:

I used scissors, washi tape, puffy stickers, cutouts, scraps from packaging (only a few), some torn colored paper, sticky notes, acrylic Sharpie markers, default Sharpie markers, white glue, transparent tape, wax crayons, a black pen, a pencil, an eraser, coloring pencils, a brush and some colorful glitter glue-paint.

Describe the step-by-step procedures used to complete your project:

So first up for the photos, I gave them some colorful frames to make it more lively, (I used iPhoto X) then I took some backgrounds and cutouts from Pinterest. Then I printed it all out & laminated them using clear tape and I cut it out. After that I used the brush for the glitter glue-paint and to apply the white glue to some of the cutouts. The washi tape was just to give it some finishing touches. The Sharpies, crayons, & pen is for writing.
